1. Director of Central Intelligence				Attached is the paper I mentioned to you addressing the idea of whether or not we should have a single processing center. To put OP, OMS and OS people together will require a little time because they are now scattered over several buildings. Some of the moves are tied to our move into the new building. I would like to talk to you some more about the idea of a separate organization for recruiting. /s/ Dick K. Richard J. Kerr Attachment a/s
